

September 21, 2009

Councilman  
Terrance M. Hassett  
Council Majority Leader  
City of Providence

Dear Councilman,

In your letter dated September 9, 2009, you asked that I contact you in the future, should we need your assistance.

Once again I am calling on you for such assistance.

We have asked the City on numerous occasions to fix the “utility cutouts” located on the Providence Place side of The 903 Residences. These patches have sunken so low that traffic going over them bottom out, creating quite a noise disturbance and vibrating through the building. The lack of maintenance has also caused the blacktop patch to deteriorate.

If there is anything you can do to facilitate this “fix” it would be greatly appreciated by the residents of The 903.

Thank you again for your assistance with the trailers on Harris Ave. You should know that your assistance has not gone unnoticed, and we have acknowledged it in our monthly newsletter to all our residents.

Very truly yours,

Michael M. Marcoccio  
Director of Security  
The 903 Residences  
401-432-4386 cell

Cc: Robert Urciuoli, The 903Residences, Property Manager
