Dear Mr. Hassett,

Alice Brown
Vice-Chair

The Second Annual Community Talent Show was a great success this year thanks to the assistance of volunteers and community members who helped us through every step. We once again created an event that brought members of the Providence College and Chad Brown communities together for one cause, and raised nearly \$700 for the Chad Brown Health Center!

Stephen Napolitano
Treasurer

I would like to personally thank you for taking time out of your busy schedule to attend our event and show your support for the community. I hope to see you again next year!
