

William C. Bombard, P.E.,
Acting Director

Angel Taveras
Mayor

Department of Public Works
"Building Pride in Providence"

Re: Property at _____ Plat _____ Lot _____

Property Owner:

The City of Providence is committed to abating the nuisance created by rodents. We appreciate your commitment to remove any food sources from your property, which is essential if our efforts to eradicate the rat problem are to be successful. We hope you understand, however, that in exchange for the City's courtesy baiting program, the City requires certain understanding and conditions, as set forth below:

First, the City makes no warranty or guarantees of any kind as to the rat baiting provided or the results of the rat baiting.

Second, in consideration of the City providing this service at no cost to you, you must agree to release the City, its managers and employees, including without limitation, Department of Public Works employees' injuries, damages, cost, expenses, or losses of any kind arising from or relating to baiting, that you, your children, pets, or neighbors may sustain now or in the future.

Finally, you must agree to indemnify, defend and hold harmless the City, its managers and employees, including without limitation those assigned to the baiting project, from any claims, suits, demands, actions, or losses of any kind arising from or relating to baiting, that you, your children, pets, or neighbors may sustain now or in the future.

If this is agreeable to you, please sign your name below, and have it witnessed by an adult who is not a member of your household and return within seven (7) days. We look forward to assisting you in the effort to stamp out rodents in our City. If you have any questions, please contact Environmental Services at (401) 467-7950.

Agreed to this the _____ day of _____, 2012.
