2013 Summary of Benefits

Group Plus

BlueCHiP for Medicare

Introduction to the Summary of Benefits Report for

BlueCHiP For Medicare Group Plus (HMO)

January 1, 2013 - December 31, 2013

**STATE OF RHODE ISLAND, BRISTOL COUNTY, MA;
PARTIAL NEW LONDON COUNTY, CT**

Thank you for your interest in BlueCHiP for Medicare Group Plus (HMO). Our plan is offered by BLUE CROSS & BLUE SHIELD OF RHODE ISLAND, a Medicare Advantage Health Maintenance Organization (HMO) that contracts with the Federal government. This Summary of Benefits tells you some features of our plan. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of our benefits, please call BlueCHiP for Medicare Group Plus (HMO) and ask for the "Group Plus (HMO) Evidence of Coverage."

YOU HAVE CHOICES IN YOUR HEALTHCARE

As a Medicare beneficiary, you can choose from different Medicare options. One option is the Original (fee-for-service) Medicare Plan. Another option is a Medicare health plan like BlueCHiP for Medicare Group Plus (HMO). You may have other options, too. You make the choice. No matter what you decide, you are still in the Medicare Program.

You may join or leave a plan only at certain times. Please call BlueCHiP for Medicare Group Plus (HMO) at the number listed at the end of this introduction or 1-800-MEDICARE (1-800-633-4227) for more information. TTY/TDD users should call 1-877-486-2048. You can call this number 24 hours a day, 7 days a week.

HOW CAN I COMPARE MY OPTIONS?

You can compare BlueCHiP for Medicare Group Plus (HMO) and the Original Medicare Plan using this Summary of Benefits. The charts in this booklet list some important health benefits. For each benefit, you can see what our plan covers and what the Original Medicare Plan covers.

Our members receive all of the benefits that the Original Medicare Plan offers. We also offer more benefits, which may change from year to year.

WHERE IS BLUECHIP FOR MEDICARE GROUP PLUS (HMO) AVAILABLE?

The service area for this plan includes: New London County, CT*; Bristol, Kent, Newport, Providence, Washington Counties, RI; and Bristol County, MA*. You must live in one of these areas to join the plan.

*Includes the following ZIP codes:
New London County, CT - 06320, 06339, 06340, 06355, 06359, 06378, 06385, 06388. Bristol County, MA - 02031, 02048, 02334, 02356, 02357, 02375, 02702, 02703, 02712, 02714, 02715, 02717, 02718, 02719, 02720, 02721, 02722, 02723, 02724, 02725, 02726, 02740, 02741, 02742, 02743, 02744, 02745, 02746, 02747, 02748, 02760, 02761, 02762, 02763, 02764, 02766, 02767, 02768, 02769, 02771, 02777, 02779, 02780, 02783, 02790, 02791

WHO IS ELIGIBLE TO JOIN BLUECHIP FOR MEDICARE GROUP PLUS (HMO)?

You can join BlueCHiP for Medicare Group Plus (HMO) if you are entitled to Medicare Part A and enrolled in Medicare Part B and live in the service area. However, individuals with End-Stage Renal Disease are generally not eligible to enroll in BlueCHiP for Medicare Group Plus (HMO) unless they are members of our organization and have been since their dialysis began.

CAN I CHOOSE MY DOCTORS?

BlueCHiP for Medicare Group Plus (HMO) has formed a network of doctors, specialists, and hospitals. You can only use doctors who are part of our network. The health providers in our network can change at any time.

You can ask for a current Provider Directory. For an updated list, visit us at <http://findadoctor.bcbsri.com>

Our customer service number is listed at the end of this introduction.

WHAT HAPPENS IF I GO TO A DOCTOR WHO'S NOT IN YOUR NETWORK?

If you choose to go to a doctor outside of our network, you must pay for these services yourself. Neither the plan nor the Original Medicare Plan will pay for these services, except in limited situations (for example, emergency care).

WHERE CAN I GET MY PRESCRIPTIONS IF I JOIN THIS PLAN?

BlueCHiP for Medicare Group Plus (HMO) has formed a network of pharmacies. You must use a network pharmacy to receive plan benefits. We may not pay for your prescriptions if you use an out-of-network pharmacy, except in certain cases. The pharmacies in our network can change at any time. You can ask for a pharmacy directory or visit us at www.BCBSRI.com. Our customer service number is listed at the end of this introduction.

DOES MY PLAN COVER MEDICARE PART B OR PART D DRUGS?

BlueCHiP for Medicare Group Plus (HMO) does cover both Medicare Part B prescription drugs and Medicare Part D prescription drugs.

WHAT IS A PRESCRIPTION DRUG FORMULARY?

BlueCHiP for Medicare Group Plus (HMO) uses a formulary. A formulary is a list of drugs covered by your plan to meet patient needs. We may periodically add, remove, or make changes to coverage limitations on certain drugs or change how much you pay for a drug. If we make any formulary change that limits our members' ability to fill their prescriptions, we will notify the affected members before the change is made. We will send a formulary to you and you can see our complete formulary on our Web site at www.BCBSRI.com.

If you are currently taking a drug that is not on our formulary or subject to additional requirements or limits, you may be able to get a temporary supply of the drug. You can contact us to request an exception or switch to an alternative drug listed on our formulary with your physician's help. Call us to see if you can get a temporary supply of the drug or for more details about our drug transition policy.

HOW CAN I GET EXTRA HELP WITH MY PRESCRIPTION DRUG PLAN COSTS OR GET EXTRA HELP WITH OTHER MEDICARE COSTS?

You may be able to get extra help to pay for your prescription drug premiums and costs as well as get help with other Medicare costs. To see if you qualify for getting extra help, call:

* 1-800-MEDICARE (1-800-633-4227). TTY/TDD users should call 1-877-486-2048, 24 hours a day/7 days a week; and see www.medicare.gov 'Programs for People with Limited Income and Resources' in the publication Medicare & You.

* The Social Security Administration at 1-800-772-1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY/TDD users should call 1-800-325-0778; or

* Your State Medicaid Office.

WHAT ARE MY PROTECTIONS IN THIS PLAN?

All Medicare Advantage Plans agree to stay in the program for a full calendar year at a time. Plan benefits and cost-sharing may change from calendar year to calendar year. Each year, plans can decide whether to continue to participate with Medicare Advantage. A plan may continue in their entire service area (geographic area where the plan accepts members) or choose to continue only in certain areas. Also, Medicare may decide

to end a contract with a plan. Even if your Medicare Advantage Plan leaves the program, you will not lose Medicare coverage. If a plan decides not to continue for an additional calendar year, it must send you a letter at least 90 days before your coverage will end. The letter will explain your options for Medicare coverage in your area.

As a member of BlueCHiP for Medicare Group Plus (HMO), you have the right to request an organization determination, which includes the right to file an appeal if we deny coverage for an item or service, and the right to file a grievance. You have the right to request an organization determination if you want us to provide or pay for an item or service that you believe should be covered. If we deny coverage for your requested item or service, you have the right to appeal and ask us to review our decision. You may ask us for an expedited (fast) coverage determination or appeal if you believe that waiting for a decision could seriously put your life or health at risk, or affect your ability to regain maximum function. If your doctor makes or supports the expedited request, we must expedite our decision. Finally, you have the right to file a grievance with us if you have any type of problem with us or one of our network providers that does not involve coverage for an item or service. If your problem involves quality of care, you also have the right to file a grievance with the Quality Improvement Organization (QIO) for your state. Please refer to the Evidence of Coverage (EOC) for the QIO contact information.

As a member of BlueCHiP for Medicare Group Plus (HMO), you have the right to request a coverage determination, which includes the right to request an exception, the right to file an appeal if we deny

coverage for a prescription drug, and the right to file a grievance. You have the right to request a coverage determination if you want us to cover a Part D drug that you believe should be covered. An exception is a type of coverage determination. You may ask us for an exception if you believe you need a drug that is not on our list of covered drugs or believe you should get a non-preferred drug at a lower out-of-pocket cost. You can also ask for an exception to cost utilization rules, such as a limit on the quantity of a drug. If you think you need an exception, you should contact us before you try to fill your prescription at a pharmacy. Your doctor must provide a statement to support your exception request. If we deny coverage for your prescription drug(s), you have the right to appeal and ask us to review our decision. Finally, you have the right to file a grievance if you have any type of problem with us or one of our network pharmacies that does not involve coverage for a prescription drug. If your problem involves quality of care, you also have the right to file a grievance with the Quality Improvement Organization (QIO) for your state. Please refer to the Evidence of Coverage (EOC) for the QIO contact information.

WHAT IS A MEDICATION THERAPY MANAGEMENT (MTM) PROGRAM?

A Medication Therapy Management (MTM) Program is a free service we offer. You may be invited to participate in a program designed for your specific health and pharmacy needs.

You may

decide not to participate, but it is recommended that you take full advantage of this covered service if you are selected. Contact BlueCHiP for Medicare Group Plus (HMO) for more details.

WHAT TYPES OF DRUGS MAY BE COVERED UNDER MEDICARE PART B?

Some outpatient prescription drugs may be covered under Medicare Part B. These may include, but are not limited to, the following types of drugs. Contact BlueCHiP for Medicare Group Plus (HMO) for more details.

- Some Antigens: If they are prepared by a doctor and administered by a properly instructed person (who could be the patient) under doctor supervision.
- Osteoporosis Drugs: Injectable osteoporosis drugs for some women.
- Erythropoietin (Epoetin Alfa or Epogen®): By injection if you have End-Stage Renal Disease (permanent kidney failure requiring either dialysis or transplantation) and need this drug to treat anemia.
- Hemophilia Clotting Factors: Self-administered clotting factors if you have hemophilia.
- Injectable Drugs: Most injectable drugs administered incident to a physician's service.
- Immunosuppressive Drugs: Immunosuppressive drug therapy for transplant patients if the transplant took place in a Medicare-certified facility and was paid for by Medicare or by a private insurance that was the primary payer for Medicare Part A coverage.

- Some Oral Cancer Drugs: If the same drug is available in injectable form.
- Oral Anti-Nausea Drugs: If you are part of an anti-cancer chemotherapeutic regimen.
- Inhalation and Infusion Drugs administered through durable medical equipment.

WHERE CAN I FIND INFORMATION ON PLAN RATINGS?

The Medicare program rates how well plans perform in different categories (for example, detecting and preventing illness, ratings from patients, and customer service). If you have access to the Web, you may use the Web tools on www.medicare.gov and select "Health and Drug Plans" then "Compare Drug and Health Plans" to compare the plan ratings for Medicare plans in your area. You can also call us directly to obtain a copy of the plan ratings for this plan. Our customer service number is listed below.

Please call Blue Cross & Blue Shield of Rhode Island for more information about BlueCHiP for Medicare Group Plus (HMO).

Benefit Category	Original Medicare	BlueCHIP for Medicare Group Plus (HMO)
------------------	-------------------	--

IMPORTANT INFORMATION

1–Premium and Other Important Information

In 2012 the monthly Part B Premium was \$99.90 and may change for 2013, and the annual Part B deductible amount was \$140 and may change for 2013.

If a doctor or supplier does not accept assignment, their costs are often higher, which means you pay more.

Most people will pay the standard monthly Part B premium. However, some people will pay a higher premium because of their yearly income (over \$85,000 for singles, \$170,000 for married couples). For more information about Part B premiums based on income, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048. You may also call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778.

General

\$150 monthly plan premium in addition to your monthly Medicare Part B premium.

Most people will pay the standard monthly Part B premium in addition to their MA plan premium. However, some people will pay higher Part B and Part D premiums because of their yearly income (over \$85,000 for singles, \$170,000 for married couples). For more information about Part B and Part D premiums based on income, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048. You may also call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778.

In-Network

\$3,000 out-of-pocket limit for Medicare-covered services.

2–Doctor and Hospital Choice

(For more information, see Emergency Care – #15 and Urgently Needed Care – #16.)

You may go to any doctor, specialist, or hospital that accepts Medicare.

In-Network

You must go to network doctors, specialists, and hospitals. No referral required for network doctors, specialists, and hospitals.

SUMMARY OF BENEFITS – INPATIENT CARE

3–Inpatient Hospital Care *(includes Substance Abuse and Rehabilitation Services)*

In 2012 the amounts for each benefit period were:

Days 1-60: \$1,156 deductible

Days 61-90: \$289 per day

Days 91-150: \$578 per lifetime reserve day

These amounts may change for 2013.

Call 1-800-MEDICARE (1-800-633-4227) for information about lifetime reserve days.

Lifetime reserve days can only be used once.

In-Network

No limit to the number of days covered by the plan each hospital stay.

\$250 copay for each Medicare-covered hospital stay.

\$0 copay for additional hospital days.

Except in an emergency, your doctor must tell the plan that you are going to be admitted to the hospital.

Benefit Category	Original Medicare	BlueCHIP for Medicare Group Plus (HMO)
INPATIENT CARE <i>(continued)</i>		
3–Inpatient Hospital Care <i>(includes Substance Abuse and Rehabilitation Services)</i>	A “benefit period” starts the day you go into a hospital or skilled nursing facility. It ends when you go for 60 days in a row without hospital or skilled nursing care. If you go into the hospital after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There is no limit to the number of benefit periods you can have.	
4–Inpatient Mental Healthcare	In 2012 the amounts for each benefit period were: Days 1-60: \$1,156 deductible Days 61-90: \$289 per day Days 91-150: \$578 per lifetime reserve day These amounts may change for 2013. You get up to 190 days of inpatient psychiatric hospital care in a lifetime. Inpatient psychiatric hospital services count toward the 190-day lifetime limitation only if certain conditions are met. This limitation does not apply to inpatient psychiatric services furnished in a general hospital.	In-Network You get up to 190 days of inpatient psychiatric hospital care in a lifetime. Inpatient psychiatric hospital services count toward the 190-day lifetime limitation only if certain conditions are met. This limitation does not apply to inpatient psychiatric services furnished in a general hospital. \$250 copay for each hospital stay. \$0 copay for additional hospital days. Except in an emergency, your doctor must tell the plan that you are going to be admitted to the hospital.
5–Skilled Nursing Facility (SNF) <i>(in a Medicare-certified skilled nursing facility)</i>	In 2012 the amounts for each benefit period after at least a three-day covered hospital stay were: Days 1-20: \$0 per day Days 21-100: \$144.50 per day These amounts may change for 2013. 100 days for each benefit period. A “benefit period” starts the day you go into a hospital or SNF. It ends when you go for 60 days in a row without hospital or skilled nursing care. If you go into the hospital after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There is no limit to the number of benefit periods you can have.	General Authorization rules may apply. In-Network Plan covers up to 100 days each benefit period. No prior hospital stay is required. For SNF stays: Days 1-29: \$0 copay per day Days 30-100: \$50 copay per day

Benefit Category	Original Medicare	BlueCHIP for Medicare Group Plus (HMO)

Acupuncture	Not covered.	In-Network This plan does not cover acupuncture.

Understanding BlueCHiP for Medicare Group Plus (HMO)

Benefits and How to Use Them

If you are enrolling through a former employer as part of a retiree plan, please consult your former employer to see what options may be available.

Your Primary Care Physician

When you become a member of BlueCHiP for Medicare Group Plus (HMO), you must choose a primary care physician. Your primary care physician is your healthcare partner. He or she will work with you to coordinate your healthcare needs. As a BlueCHiP for Medicare Group Plus (HMO) member, you will get your routine or basic care from your primary care physician.

We encourage you to visit your primary care physician on a regular basis. We want you to be as healthy as you can be. An essential part of this approach is good preventive care and early detection of illness.

If you already have a primary care doctor, use our online Find a Doctor tool to find out whether your doctor is in our network. Upon enrollment into a BlueCHiP for Medicare Group Plus (HMO) plan, you will receive the BlueCHiP for Medicare Group Provider Directory. If you do not have a doctor, you will be required to select one from the Provider Directory.

You may request to change your primary care doctor at any time by calling Customer Service. Your change will be effective the next business day following your request.

About Our Network

Our network includes hospitals, primary care physicians, specialists, and behavioral healthcare professionals located throughout the state of Rhode Island and parts of Massachusetts. All BlueCHiP for Medicare network providers have met our credentialing standards for quality. Our initial review process includes an examination of licenses, education, and professional standing.

Inpatient and Outpatient Mental Healthcare

Hospital and facility-based behavioral healthcare services may require preauthorization, continued stay, and/or continued treatment by the plan and/or plan designee. Plan-contracted facilities will call for preauthorization.

Emergency and Urgently Needed Care

If you need urgent care and you are inside the service area, you must seek care from a plan-contracted urgent care provider. A list of plan-contracted urgent care centers is included in the BlueCHiP for Medicare Group Provider Directory. Keep in mind that if you have an urgent need for care while you are in the plan's service area, we expect you to get this care from BlueCHiP for Medicare providers. Generally, we will not pay for urgently needed care that you get from a non-network provider while you are in our service area. If you need urgent care while you are outside the service area, seek care from an urgent care center or hospital emergency room.

There is a \$40 copayment for Medicare-covered urgently needed care visits at an urgent care facility. If you have a medical emergency, call 911 or go to the nearest hospital emergency room. If possible, call your primary care physician within 48 hours, or have someone call for you, so your primary care physician can assist in the coordination of your care after you leave the hospital. There is a \$65 copayment for Medicare-covered emergency room visits. If you are admitted to the hospital within one day for the same condition, your copayment will be waived for the emergency room visit.

Outpatient Medical Service and Supplies

Durable Medical Equipment

Durable medical equipment is covered in full with BlueCHiP for Medicare Group Plus (HMO). All covered equipment must be prescribed by a BlueCHiP for Medicare doctor, and should be obtained from plan-contracted provider(s) of durable medical equipment.

Diabetes Self-monitoring Supplies

There is no copayment for diabetic supplies with BlueCHiP for Medicare Group Plus (HMO). Supplies can be obtained from plan-contracted provider(s) of durable medical equipment or at a network pharmacy.

Self-administered diabetes prescription drugs and diabetes supplies associated with the injection of insulin (specifically syringes, needles, alcohol swabs, and gauze) are covered under the Part D prescription drug benefit and must be purchased at a network pharmacy.

Diagnostic Tests, X-rays, and Laboratory Services

All covered outpatient laboratory services must be ordered by a BlueCHiP for Medicare doctor and provided by our exclusive plan-contracted lab network provider(s). Homebound lab services must be ordered by a BlueCHiP for Medicare doctor and performed by our exclusive plan-contracted lab. Certain lab services may be performed by physician offices, hospitals, and/or urgent care centers that are BlueCHiP for Medicare network providers.

Diagnostic Radiological Services

Except for an emergency, urgent care, or during an inpatient hospital stay, preauthorization and/or continued treatment by the plan and/or plan designee may be required both in and out-of-network for MRIs, MRAs, PET Scans, CT Scans, and Nuclear Cardiology Services received in an outpatient setting. The ordering physician will need to call for preauthorization.

**Outpatient
Prescription Drugs**

The BlueCHiP for Medicare Group Plus (HMO) plan includes Medicare Part D coverage for prescription drugs. To receive coverage, BlueCHiP for Medicare Group Plus (HMO) plan members must have prescriptions filled at a network pharmacy, or through our mail-order service.

You pay only the appropriate copayment or coinsurance for each month’s supply. Copayments are based on four levels, or tiers of drugs, as listed at right.

Category of Drug	BlueCHiP for Medicare Group Plus (HMO) members pay:
Tier 1 <i>generic</i>	\$8 per 30-day supply
Tier 2 <i>preferred brand</i>	\$24 per 30-day supply
Tier 3 <i>non-preferred brand</i>	\$52 per 30-day supply
Tier 4 * <i>specialty</i>	25% coinsurance per 30-day supply

* Tier 4 specialty is limited to a 30-day retail and mail-order supply.

Catastrophic Coverage

After your out-of-pocket costs reach \$4,750, you will pay the greater of :

- \$2.65 for generic (including brand-name drugs treated as generic) and \$6.60 for all other drugs, OR
- 5% coinsurance.

Help with Drug Plan Costs

Medicare beneficiaries with low or limited income and resources may qualify for additional Medicare Part D assistance. If you qualify, your Medicare prescription drug plan costs, the amount of your premium, and your drug costs at the pharmacy will be less than those described above. Once you have enrolled in a BlueCHiP for Medicare plan with prescription drug coverage, Medicare will tell us how much assistance you are receiving, and we will send you information on the amount you will pay. If you are not receiving this additional assistance, you should contact the Social Security Administration at 1-800-772-1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY/TDD users should call 1-800-325-0778. You can also go to www.SSA.gov on the Web or your State Medicaid Office to see if you qualify.

If you receive extra help to pay for your prescription drugs, you will not get any extra help to pay for drugs that are not normally covered in a Medicare prescription drug plan.

Category of Drug	BlueCHiP for Medicare Group Plus (HMO) members pay:
Tier 1 <i>generic</i>	\$20 per 90-day supply
Tier 2 <i>preferred brand</i>	\$60 per 90-day supply
Tier 3 <i>non-preferred brand</i>	\$130 per 90-day supply
Tier 4* <i>specialty</i>	25% coinsurance per 30-day supply

* Tier 4 specialty is limited to a 30-day retail and mail-order supply.

Added Convenience with Our Mail Order Service

To save time and monthly trips to the pharmacy, you can order medications that you take for an extended period of time from our mail-order service. You pay only two-and-a-half copayments for up to a three-month (90-day) supply of drugs. Please note that Tier 4 drugs are limited to a 30-day supply.

Additional Benefits

For the following benefits, the provider of the service should bill either their local Blue Cross and Blue Shield plan or Blue Cross & Blue Shield of Rhode Island directly by submitting claims to:

Blue Cross & Blue Shield of Rhode Island

Attention: Claims Department

500 Exchange Street
Providence, RI 02903

Vision Hardware Coverage

BlueCHiP for Medicare Group Plus (HMO) provides coverage of up to \$70 per calendar year toward the purchase of glasses, frames, and/or contact lenses. This is in addition to the Medicare benefit of vision hardware following cataract surgery, and may be used to upgrade Medicare-covered vision hardware. Use of a plan provider is not required.

Wig Coverage

With a cancer diagnosis, BlueCHiP for Medicare Group Plus (HMO) provides coverage of up to \$350 per calendar year for wig purchases. Use of a plan-contracted provider is not required.

Save Money with Generic Drugs

Choosing a generic drug, when available, may save you money under your BlueCHiP for Medicare prescription drug plan. A generic drug is a drug product that meets the approval of the Food and Drug Administration (FDA) and is equivalent to a brand-name drug in terms of quality and performance. By law, generic drug products must contain the identical amounts of the same active ingredients as their brand-name equivalents. Talk to your doctor about whether a generic equivalent is available and appropriate for your treatment.

For a complete list of drugs covered by BlueCHiP for Medicare Group Plus (HMO), please call Customer Service at the number located on page 5 of this booklet, or visit www.BCBSRI.com.

Health & Wellness Benefits

Living Fit Health Club Membership

An unlimited-use health club membership is available through facilities in our plan network for only \$15 per month, if you choose to use the benefit. With your membership, you can take advantage of:

- Group fitness classes. (Some additional costs may apply.)
- State-of-the-art exercise equipment.
- Knowledgeable, courteous staff.
- Indoor swimming pool (available at some facilities.)
- You may pay month to month.
- You may cancel at any time.

Visit www.BCBSRI.com for the most current listing of network health clubs.

Medical Nutrition Therapy/ Nutritional Counseling

Medical nutritional therapy/ nutritional counseling is an important part of the prevention and treatment of many diseases and conditions. Coverage is not limited by diagnosis. Services must be received from a network provider in order for services to be covered. No copayment applies.

Smoking Cessation Counseling

Up to eight face-to-face visits are covered per year. Visits must be ordered by a participating provider and provided by a qualified doctor or other Medicare-certified practitioner. No copayment applies.

Quality & Utilization Management

Blue Cross & Blue Shield of Rhode Island's quality management program is designed to help ensure optimal physical and behavioral health outcomes for our members. Our program focuses on maximizing member health and safety, and improving member and provider service and satisfaction.

Goals of Our Quality Management Program

- Monitor and improve the quality of clinical care delivered to members.
- Monitor and improve the quality and efficiency of service delivered to members and providers.
- Appreciate and address the cultural and linguistic requirements of our members.
- Promote member safety whenever and wherever possible, including safe medical and behavioral health practices in the provider network delivery system.
- Help members make healthy lifestyle choices and manage chronic diseases.

Measuring the effectiveness of Our Quality Management Program

- **The Healthcare Effectiveness Data and Information Set (HEDIS)** – A tool used by more than 90 percent of America's health plans to measure performance in many areas of care and service. HEDIS is maintained by the National Committee for Quality Assurance.
- **The Health Outcomes Survey (HOS)** – A survey conducted each spring by the Centers for Medicare & Medicaid Services (CMS) to gather valid and reliable health status

data in Medicare managed care for use in quality improvement activities, plan accountability, public reporting, and improving health. All managed care plans with Medicare Advantage (MA) contracts must participate.

- **The Consumer Assessment of Healthcare Providers and Systems (CAHPS)** – A survey conducted annually by CMS to assess the experiences of beneficiaries in Medicare Advantage plans. CMS administers this survey and sends results to plans each fall.

Utilization Management Programs

Our utilization management programs include prospective review, concurrent review, discharge planning, and retrospective review.

Prospective Review

We require notification from our providers before admission to an inpatient acute hospital, inpatient rehabilitation hospital, inpatient mental health hospital, and long-term care facility, unless in an emergency. Registered nurses and medical directors will review the upcoming services to ensure medical necessity and appropriateness of care in the settings indicated above.

In the case of an emergency, notification from the provider is requested, if possible, within 48 hours of admission.

If a member receives services outside the service area, he or she should contact their primary care physician (PCP) to coordinate care after he or she has left the hospital. We also require notification from providers for some services that occur in the outpatient setting. These include, but are not limited to,

some durable medical equipment, high-tech radiology services, and cosmetic procedures. Refer to your Evidence of Coverage for information on services that require prior authorization.

Concurrent Review and Discharge Planning

For members in an inpatient setting, registered nurses and medical directors coordinate efforts with providers to maintain the quality and timeliness of healthcare delivery, determine when transition from the inpatient setting is appropriate, and identify and coordinate the members' needs following discharge.

Retrospective Review

For admissions or services in which prospective review was required, and not obtained, we review medical records after discharge to determine the medical necessity, appropriateness of service, and eligibility for coverage. A member would be held liable if a covered service was rendered by a non-participating provider. The member would also be held liable when a provider has not received the required authorization for the service and had advised the member prior to providing the service that they would not be covered.

Medicare Part D Prescription Drug Utilization Management Programs

BlueCHiP for Medicare Formulary

A formulary is a list of covered drugs selected by BlueCHiP for Medicare in consultation with a team of healthcare providers. The formulary represents the prescription therapies believed to be a necessary part of a quality treatment program.

Utilization Management

For certain prescription drugs, we have additional requirements for coverage or limits on our coverage. These requirements and limits ensure that our members use these drugs in the most effective way and also help us control drug plan costs. A team of doctors and pharmacists developed these requirements and limits for our plan to help us provide quality coverage to our members. Please consult a copy of the formulary or use the formulary look-up tool on our website at www.BCBSRI.com for more information about these requirements and limits. These requirements for coverage or limits on certain drugs include:

Prior Authorization: We require you to get prior authorization (prior approval) for certain drugs. This means that your provider will need to contact us before you fill your prescription. If we do not get the necessary information to satisfy the prior authorization, we may not cover the drug.

Quantity Limits: For certain drugs, we limit the amount of the drug that we will cover per prescription or for a defined period of time.

Generic Substitution: When there is a generic version of a brand-name drug available, our network pharmacies may recommend and/or provide you the generic version, unless your doctor has told us that you must take the brand-name drug and we have approved this request.

Step Therapy: In some cases, BlueCHiP for Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, BlueCHiP for Medicare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, BlueCHiP for Medicare will then cover Drug B.

If your drug is subject to one of these additional restrictions or limits and your physician determines that you are not able to meet the additional restriction or limit for medical necessity reasons, you or your physician may request an exception.

Drug Utilization Review

We conduct drug utilization reviews for all of our members to make sure that they are getting safe and appropriate care. These reviews are especially important for members who have more than one doctor who prescribes their medications. We conduct drug utilization reviews each time you fill a prescription and on a regular basis by reviewing our records. If we identify a medication problem during our drug utilization review, we will work with your doctor to correct the problem.

Medication Therapy Management Programs

We offer medication therapy management programs at no additional cost to members who have multiple medical conditions, who are taking many prescription drugs, and who have high drug costs. If you are selected to join a medication therapy management program, you will receive information about the specific program, including information about how to access the program. Remember, you do not need to pay anything extra to participate. These programs were developed by a team of pharmacists and doctors. We use these medication therapy management programs to help provide better coverage for you.

Questions?

Please call Customer Service at **1-800-267-0439** or TTY **711**.

Our Customer Service hours are:

October 15, 2012 -
