- (a) **Required.** The owner or occupant of any premise or dwelling unit where trash shall accumulate shall store said recyclables in the city-provided special container on said premises. Said owner or occupant shall deposit trash by placing them in or on top of the container.
- (b) **Use.** Said owner or occupant shall not locate such container in any place which is not satisfactory to the director or assigned inspector of public works. No person shall deposit trash materials in any other place other than the city issued trash container as herein prescribed.
- (c) **Purpose:** to maximize the collection of trash and therefore eliminate the contamination of recycling materials.

Failure to comply with regulations of the Environmental Department will result in a violation. A violation fee will be issued as a result.

I agree to abide by all regulations established by the City of Providence Environmental Department for the use of said containers.
