

# Fire Inspections

Fire inspections are required for various reasons. These may include the sale of a business or property, change of use of a property, construction on a property as well as licensing requirements and requirements under the state fire code.

Nightclubs (occupancy of 150 +), Places of Assembly (occupancy of 300+), apartment buildings and all churches are some of the occupancies that need to comply with new fire alarm and sprinkler requirements implemented in the new Rhode Island State Fire Code.

Fire inspections are also required for tents and mobile food vending carts and vehicles.

Fire inspections may be requested by calling the:

**Providence Fire Prevention Bureau at 401-243-6050.**

A fee of \$100.00 is charged for all fire and fire alarm inspections.
